

Drain/Waste/Vent System

Silver Streak Clipper Model 7 S/N: 2196
1/19/21

NOTES:

1. Valterra standard blade valves (Gray & Black) and bayonet connection
2. Tank capacity monitored by SeeLevel-II P709 system
3. Condensate drain line (1/2" Pex) installed in the wall at rear ceiling vent location for future roof AC install (if desired)
4. Shower pump has 2 separate check valves—one integral at the pump and one near the gray tank terminus
