

# LPG System

Silver Streak Clipper Model 7 S/N 2196

10/25/21

## LOADS:

- ① Girard GSWH-1 On-demand tankless water heater
- ② Dickinson Marine P12000 propane fireplace
- ③ Greystone CF-RV17 Gas Range
- ④ Propane quick-connect fitting w/ local shutoff (for outdoor propane accessories)
- ⑤ B.P. Products Indoor Gas Lantern

## NOTES:

1. All piping passing through the belly/subfloor of the trailer is continuous pipe. All gas connection fittings are located outside or inside the coach.
2. Main propane supply line is grounded to the trailer chassis.
3. A continuous CO/LPG gas detection monitor is hardwired to the 12V power system. Operation is automatic when the DC disconnect is shut ("ON" position) and 12V power is available to the coach.
